

Introduction to Private Skating Lessons

Are you a beginning skater, looking for one-on-one lessons? Are you enjoying group lessons and looking for some more personal attention?

Our introduction to private skating lesson program offers skaters of all levels and abilities the chance to try private lessons for the first time.

Lessons are offered on Saturday mornings at UVM's Gutterson Arena, Cairns Arena and Leddy Arena (see schedule on 2nd page) and Sunday and Mondays at Leddy Park Arena. The introduction to private lesson program offers skaters one session on the ice (25-30 minutes of lesson, and 30-35 minutes of practice), and a Learn to Skate membership in the US Figure Skating Association (USFS). The program is offered in flexible 5 week sessions which can be arranged between mid-September and early May.
